

as amended by the Superfund Amendments and Reauthorization Act of 1986 (Pub. L. 99–499, October 17, 1986; 100 Stat. 1613, otherwise referred to as “SARA”).

All references to CERCLA within this regulation are meant to indicate CERCLA, as amended by SARA.

§ 35.6005 Purpose and scope.

(a) This regulation codifies recipient requirements for administering CERCLA-funded Cooperative Agreements. This regulation also codifies requirements for administering Superfund State Contracts (SSCs) for non-State-lead remedial responses undertaken pursuant to section 104 of CERCLA.

(b) The requirements in this regulation do not apply to Technical Assistance Grants (TAGs) or to CERCLA research and development grants, including the Superfund Innovative Technology Evaluation (SITE) Demonstration Program.

(c) 40 CFR part 31, “Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments,” establishes consistency and uniformity among Federal agencies in the administration of grants and Cooperative Agreements to State, local, and Indian Tribal governments. For CERCLA-funded Cooperative Agreements, this subpart supplements the requirements contained in part 31 for States, political subdivisions thereof, and Indian Tribes. This regulation references those sections of part 31 that are applicable to CERCLA-funded Cooperative Agreements.

(d) Superfund monies for remedial actions cannot be used by recipients for Federal facility cleanup activities. When a cleanup is undertaken by another Federal entity, the State, political subdivision or Indian Tribe can pursue funding for its involvement in response activities from the appropriate Federal entity.

§ 35.6010 Eligibility.

This regulation applies to States, political subdivisions and Indian Tribes. Indian Tribes are only eligible to receive Superfund Cooperative Agreements or Superfund State Contracts when they are Federally recognized,

and when they meet the criteria set forth in § 300.515(b) of the NCP. Although section 126 of CERCLA provides that the governing body of an Indian Tribe shall be afforded substantially the same treatment as a State, in this subpart Indian Tribes are not included in the definition of State in order to clarify those requirements with which Indian Tribes must comply and those with which they need not comply.
